AGREED ORDER ADMINISTRATIVELY CLOSING THE CASE

These matters are currently before the Court, the Court having issued a case management order on July 1, 2013 and the matters being set for trial on December 2, 2014.

The parties agree that the subject matter in the pending cases are closely connected and intertwined with pending criminal litigation in the Circuit Court of Smith County, Tennessee. Attorneys for the Plaintiffs in the criminal proceedings have requested that their clients refrain from participating in discovery while criminal litigation is pending.

Based on these factors and the agreements of the parties, the Court administratively closes this action pursuant to its inherent powers. Counsel for the Plaintiffs may reopen the case by notifying the parties and filing an Order. At that time a new case management order will be initiated by the Plaintiffs. Upon its reopening, the case then becomes *ipso*

facto, and would resume under the same status it had before the administrative closing without prejudice to the rights of any parties and interests.
